

LAN-TEL for Your Audio-Visual Solutions:

LAN-TEL has taken its structured cabling expertise to next level and partnered with some of the industry's leading audio-visual providers in order to provide your business with one-stop shopping for the audio-visual solutions you require. We have established seamless relationships with our partners that allow us to offer you state-of-the-art, end-to-end audio-visual solutions when and where you need them.

Let LAN-TEL Take Your Project from Start to Finish:

LAN-TEL works with its partners and implements its unique six-step process to translate your requirements into solutions; from project inception through installation and ongoing change management. We will provide the design, the expert project management required to oversee the installation, and be available to provide any changes or modifications you may require once the solutions are up and running.

LAN-TEL Audio-Visual Solutions Include:

- Videoconferencing
- Digital Signage
- Dynamic Messaging

LAN-TEL for Best-of Breed Equipment and Application Providers:
